**Forgotten Tracks - Vol. I** is an 11" x 8.5" 250-page book with a laminated cover. It contains 75 stories with a 105 supporting photos. It is the first of several volumes to come that represent a single source of your stories that previously appeared in the Sponson Box over the last 6 years. This first volume is only a fraction of the stories we have. We are currently working on Volume II to include more stories.
